

EU and Bulgaria. Love and ... calculation?

A My!Europe - Conference in Bulgaria

06.09. - 08.09.2016, Hotel Imperial, Plovdiv

PRELIMINARY PROGRAM

In 2004, when Bulgaria was not permitted to join the EU together with the other Eastern countries, many Bulgarians were disappointed. Years of hard work and visions of the future, of hopes and frustration followed. Today Bulgaria is part of the EU. So, what moves the Bulgarians today? Are people satisfied or disappointed once again? Have the visions become reality? What hides behind the Bulgarians' idea of being a European?

The conference in Plovdiv is the fifth in a series under the My!Europe project (www.myeurope.today)
